**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

**Claim 1. (currently amended)** A package particularly for packaging food products, comprising:

-- an inner package sheet, which individually wraps each product of the package and is composed of a coextruded film constituted by two outer layers of a styrene-butadiene copolymer resin and by a central layer chosen among ~~polythene~~ polyethylene, polypropylene and other plastic material, and

-- an outer package sheet, which wraps around a set of products contained in their respective inner packages and is composed of a high-barrier film coupled to a paper film.

**Claim 2. (original)** The package according to claim 1, wherein said high-barrier film is metallized.

**Claim 3. (original)** The package according to claim 1, wherein said inner package sheet has said outer layers made of styrene-butadiene resins with melt indexes substantially comprised between 7 and 16 g/10 min.

**Claim 4. (original)** The package according to claim 1, wherein said inner package sheet has thicknesses between 20 and 30 microns, and wherein the outer layers have thicknesses that can vary between 3 and 5 microns.

**Claim 5. (original)** The package according to claim 1, wherein said outer package
